

Dear Parents of the Senior Class of 2023:

Welcome to one of the most exciting times in your child's educational history –

SENIOR YEAR and GRADUATION!

Senior year is a time of many emotions for both the parent and the student. In a blink of an eye your baby is now an adult, and soon they will be going out into the real world on their own. While parents will be going through some emotions about this milestone in your child's life – the student will also be going through some anxiety as they process this leap from being a child to becoming an adult. Seniors and families, please take time to cherish, appreciate, and enjoy your last year on campus. You will always be a RedHawk and we cannot wait to see you fly into your future endeavors.

This note is an attempt to give you some information about important dates and events for your planning purposes.
